

## Customer

Dura Vermeer

## Country

The Netherlands

## Project summary

### Phase 1

- 11 relay boxes
- 20 high-voltage boxes
- 5 relay racks
- miscellaneous light-engineering materials

### Phase 2

- 14 relay boxes
- 2 relay racks

## Arnhem Station area

The 'Tracks in Arnhem' project will prepare the Arnhem station area for the future. Expanding capacity will increase both reliability and availability at this important junction, enabling more trains to arrive and depart simultaneously.

As commissioned by Dura Vermeer, Strukton Rolling Stock will supply the following:

### First project phase:

- 11 relay boxes
- 20 high-voltage boxes
- 5 relay racks
- miscellaneous light-engineering materials

### Second project phase:

- 14 relay boxes
- 2 relay racks
